

Chunk of the Month
A mystery quilt for 2022

By Julia McLeod

How it works:

- Each month I will show you how to piece a particular block. Some months you will be tasked with making four of those blocks, some months eight.
- I will give yardage requirements and exact measurements but you can decide your own dimensions if you prefer.
- Each month we set aside the blocks we've made.
- By the end of 6 months we will have 44 components to create a 48" square quilt. I will give suggestions for layouts. You can create your own compositions and also add sashing if you wish.
- *No two quilts will look the same!*

For a 48”
square quilt you
will need:

- 2 yds Dark
 - 1.5 yds Light
- or scraps!

Chunk 4 - make 4 blocks:

Cut a total of -

Eight $4 \frac{7}{8}$ " Squares in light fabric

Cut these diagonally to give
sixteen triangles

Four $6 \frac{1}{8}$ " Squares in dark fabric

Pin and sew ($\frac{1}{4}$ " seam)
two light triangles to
opposite sides of a dark
square

Press seam allowances
towards light fabric

Pin and sew two light triangles to the other two sides of the dark square

Press as before, towards the lighter fabric

Make four of these blocks

Do not sew these four chunks together! Wait until month 6.

You might position them in one block, place them in the corners of your quilt, or have sashing between them.

If you like to play, or if you want to make more...

9 blocks

81 blocks

(If your light fabrics are scrappy, this will create really nice effects)
