Matching thread for center hexagons
Hand sewing needle
30 and 60 degree triangle rulers
(I use Creative Grids 60 degree
and Simplicity 30 degree)

This class uses both 30 and 60 degree angles. Templates are provided in the pattern, however I prefer a 30 and a 60 degree triangle ruler, each with a blunt top. If you do not have either ruler, I can help you find them. If you're not sure if yours will work, please email me!
